## STEVEN COVEY SEVEN HABITS

Habit 5 : Seek First to Understand, Then to Be Understood  
"Before I can walk in another's shoes, I must first remove my own." - Unknown

It is a tendency of people to want to swoop out of the sky like Superman & solve everyone's problems before we even understand what the problem is. We simply don't listen. The key to communication & having power & influence with people can be summed up in one sentence: "Seek first to understand, then to be understood." Listen first, talk second. See things from another's point of view before sharing your own. This habit is the key to communication because the deepest need of the human heart is to be understood. Everyone wants to be respected and valued for who they are, a unique, one-of-a-kind, never-to-be-cloned individual. People won't share their deepest feelings unless they feel genuine love and understanding. Once they feel it, they will probably give you more than you want to hear. Try to understand instead of judging.
